Lawrence A.	Feddersen do hereby	History of corner establishment since Original Government Surve

21604350020

certify that on the Seventh day of December 19 88, I found (evidence) (no evidence) of the North Quarter corner of Section 2 , T 15 N, R 4W Fourth Principal Meridian, and 1 re-

Description of corner evidence found:

We could not find stone set by Fred Holden in 1911. Set Harrison in SE quadrant of a 4-way fence corner, using this as best possible evidence. A 1" I.P. was set by Greg J. Hofmeister in January 1982, 3.66 feet West of Harrison (2.25 feet West of corner fence post). I have no record of what this I.P. represents. The corner falls West of ½ way between NE and NW corner by 3.75 feet. In this very hilly terrain, original surveyors did well.
