History of corner establishment since Original Government Survey

Henry L Bliss, County Surveyor of Lacrosse County surveyed the entire Township of Bangor and set monuments at each Section and Quarter corner in 1867.

Description of corner evidence found:

I found a 6"x6" cut stone leaning badly at a two way fence corner. I spoke to Mr. Herbert Olson, a local land owner, and he told me the stone had been at this location for as long as he could remember. I therefore accepted the stone as the corner.

Description of corner and witness monuments, references and accessories used to perpetuate the original or re-established location of this corner:

Crew: Meyer, Lund

Date: July 27, 1984 - 1:30 P. M. Weather P. Cloudy, Breezy, 70°+. Witnesses to corner location:

Bryan	H.	Meyer	_	R.	L.	S.	1712

James Lund

Note: The trees shown are double blazed; each distance shown is to a nail set in a hack in the side of each tree.

ll" White Oak -11.80' 16" White 0ak Reset 6"x6" stone at fence corner. This stone has numbers cut into each side. I set the stone so that the numbers are facing the corresponding sections. I set a ¾"x24" round iron bar on 17" White the Northeast side of the stone. The stone is up 8"+. 0ak 12" White Oak
