## CERTIFIED LAND CORNER

	76
No.	<u> </u>

History of original corner establishment:

21	70	405	520	

Harley A. Sime do hereby certify that on the \_ 19<u>76</u>, I found of January (evidence) (no evidence) of the <u>F1/4</u> corner of Section 5 R \_ 1 W Fourth Principal Meridian, and I reestablished said corner according to the Wisconsin Statutes as shown and described hereon.

Dated this 29th day of Jan. 1976
Mely Mense
County Surveyor
Title

Description of corner evidence found:

Set the corner proportionately between the section corners. This is on line with the occupied 1/4 line to the West but does not line up with the fence to the South. Field evidence and aerial photos shoe the latter fence to bear in a direction of S8.5°W, more or less, and is thus well off line.

Note: There may be a 3/4"x24" iron bar buried 38 ft. East. If so, disregard this as it is just a survey point and was buried when the road was rebuilt in the summer of 1975.

Description of corner and witness monuments, references and accessories used to perpetuate the original or re-established location of this corner:

Set a Harrison marker in the ditch, up 2". 38 ft. West of the South fence projected North.
