Statutes as shown a		

History of original corner establishment:

In November, 1902, Fred Holden set a stone at this corner. In November, 1957, Henry Lenschow set an iron pipe at the corner.

Description of corner evidence found: LAWRENCE A. FEDDERSEN S-1226 TOMAH WIS.

We searched for the iron pipe, but did not find it. We did not excavate for the stone. We found a P-K nail at: the intersection of road centerlines set by H.A. Sime & Asso. We accepted the location of the P-K nail and replaced it with a Harrison. The Distance to the SW corner of Section 29 agrees reasonably well with Lenschow's recorded distance.
