, do hereby	History of corner establishment since Original Government Survey
-------------	--

41901042000

I, Gary L. Dechant , do hereby certify that on the 8th day of March 2000 to , I found (evidence) (no evidence) of the W4 corner of Section 3 , T 19 N, R 1 E Fourth Principal Meridian, and I reestablished said corner according to the Wisconsin Statutes as shown and described hereon.

Dated this 6th day of April 125 2000

Control Sta. Name

Kennedy may have been in this area in the 1930's.

I set a 1½"x2½"x6' rail by single proportionate measure between the SW of Section 3 and Kennedy's capped iron pipe at the NW corner of Section 3, in February of 1998.

Description of corner evidence found:

It was brought to my attention that Kennedy's capped iron pipe at the NW corner of Section 3 was moved, unknown to me at the time I set the rail at the W4 corner of Section 3. We set a 1½'x6' iron pipe at the W4 corner of Section 3 prorated between the SW corner of Section 3 and the newly established NW corner of Section 3.

Section 3 and the newly established NW corner of Section 3. There is still some "loud" discussion taking place about Kennedy's iron pipe ever being Reg. Land Surveyor 1744 moved, therefore left the rail in at least as a reference. However, most evidence would suggest that Kennedy's capped iron pipe was moved.
