History of corner establishment since Original Government Survey

Fred Zietlow set a 3/4" iron bar at the existing 4-way fence corner in July of 1969. This corner has also been used in several other surveys at later dates by Duane Marten, Garold A. Sime & Feddersen Eng. & Surveying.

Description of corner evidence found:

In surveying Sec.17 in Oct. of 1975 I found that the iron bar set by Zietlow had been moved to the new fence corner location. I set this harrison monument at the original location of Zietlow's iron bar. Remnants of old fence were found at this location. This corner lands 4.75 feet east of where Zietlows iron bar was found.
