History of corner establishment since Original Government Survey

There is good reason to believe that LaRue was here in 1897 or Kenyon before 1897. This assuption is based on Hamilton'LaRue's survey noyes of 1897.

21904172020

Description of corner evidence found:

The C% corner was set on line between the East and West guarter corners and on line with N% corner and occupied north south fence running along the west line of the SWA-NE%. This location fits LaRue's distances and other occupation in the NEW extremely well.

11 many march t

It falls 40' + south of the occupied corner (fence corner remains).
