REFERENCED FOR SURVEY RECORDED IN:

## BASIS FOR MONUMENT LOCATION

Show info such as: History of corner, with reference to Vol. and pg., dates, surveyor; exact description of monument replaced; if location computed, by taped or EDM traverse; landowner remarks, etc. (Use reverse side if necessary)

I have found no record of this corner having been used since the original survey. After considerable studying. I set the corner on the North-South fence line, equidistant between section corners. I set a Harrison monument at the corner and drove a steel witness post with sign 1.0 foot East.
