

Manure Management Ordinance

Re: Monroe & Vernon Counties plan to re-write their existing Manure Storage Ordinance

This may include:

- Update construction standards & specifications for new, modification and closure of manure storage facilities
- Incorporate the 4 AWAC Prohibitions:
 1. No overtopping of manure storage facilities
 2. No direct runoff from feedlots
 3. No manure stacking within 300' of a stream/river or 1,000' of a lake
 4. Maintain grass/sod cover within the stream corridor.
- Storage facility - Abandonment declaration
- Potential Certificate of operation, similar to the FLP-Certificate of compliance
- Penalty fee schedule per incident/violation
- Others?
