## CERTIFIED LAND CORNER

21604210020

History of corner establishment since Original Government Survey

Fred Holden was here in Dec of 1910 and set a Stone with a 'X' on top.

Description of corner evidence found:

After several tries and diligent searching, Holden's stone was not found. The stone may have been washed out by the creek through erosion. The creek was not mentioned in the original notes. Since no other evidence was found of the original corner. The split between the NE and NW Corners was used.
