Notice of Budgetary Adjustment

Unanticipated Revenue or Expense Increase or Decrease Not Budgeted

Date: May 16, 2019
 Department: Land Records
 Amount: ~~\$101,300.00~~ 102,400.00
 Budget Year Amended: 2019

Source of Increase / Decrease and affect on Program:
 (If needed attached separate brief explanation.)

We budgeted \$102400 for LiDAR in 2019 and that was contingent on the State of Wisconsin getting a grant. They did get the grant. I budgeted four our expenses only. This adjustment is to cover the matching amount of \$102400 that the state will send to us and we will then pay the full amount of \$204800 to the contractor performing the work, Ayres Associates. So this is an increase of revenue offset by an increaes in expenditure. The Monroe County cost is unaffected.

The Community Support Program (CSP) is a community based program that provides services to our most vulnerable citizens with mental health disorders. These are individuals who require intensive services to help them remain in the community. One of the main goals of the CSP is to deter clients from being institutionalized.

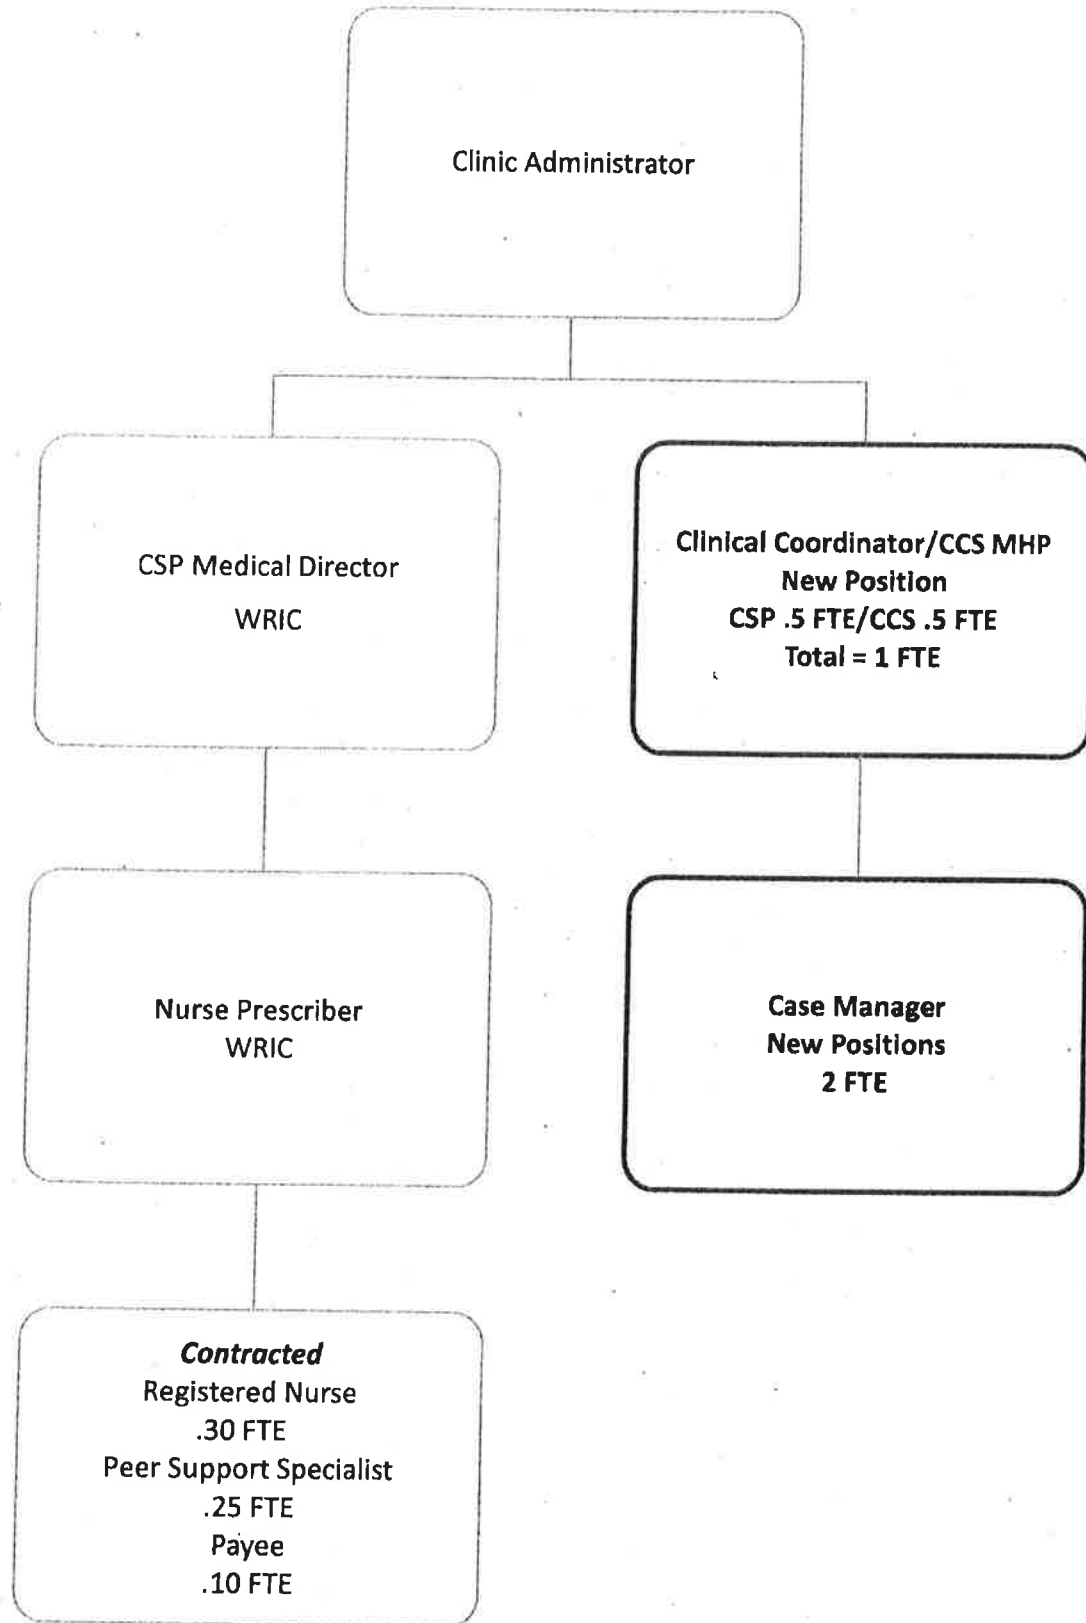

The Monroe County Department of Human Services (MCDHS) has a long standing history with the CSP. In 1993 the department received state certification to provide the CSP. This allowed the department to generate revenue for the services provided to those clients within the program. Most important, however, was maintaining the CSP participants in their home, which in turn promoted cost avoidance. The Monroe County CSP was recognized by the state as a mentor for other counties who were exploring the idea of becoming a certified CSP.

In 2014, when the department became part of Western Region Integrated Care (WRIC), the CSP fell under WRIC. The CSP became a multi-county certification and services were contracted with a single vendor.

The current vendor has been operating under a provisional contract for the past two years due to concerns related to significant staff turnover and a lack of clinical supervision to staff. Both these concerns have had an impact on the quality of service. The WRIC lead agency highly recommends that all counties obtain their own CSP certification. This will allow them to operate their own local CSP.

With Monroe County's past experience with the CSP, there exists a high level of confidence that we could improve services to this vulnerable population and have greater oversight with the services provided. The department would further generate revenue that would help offset the cost of operating the program in house.

NEW POSITION ANALYSIS

X New position
_____ Increased part-time
_____ Additional existing position (attach job description, do not need to complete sections C, D, E, G & H)

A. Department: Human Services Date: 6/26/2019

Department Head: Ron Hamilton

B. Explain the necessity of the position (be specific as to reasons why this position is needed, include reasons why present staff cannot accomplish tasks):

This position will work .5 FTE as the CSP Clinical Coordinator and .5 as the CCS Mental Health Professional, creating a fulltime position.

We will be bringing the Community Support Program (CSP) back to MCDHS effective 1/1/2020. CSP is a community based program that provides intensive mental health services to some of our most vulnerable adults. The primary goal is to keep individuals who are at high risk for emergency detentions and placements in an institutional setting in the community. MCDHS has had a long history of providing CSP in Monroe County from 1993 to 2014. In 2014 it became a WRIC multi-county program with a single vendor. The current vendor has been working under a WRIC provisional contract for what will be 2 years. This is due to lack of quality services and Clinical supervision being provided to our consumers. The WRIC Lead County has highly recommended that all counties obtain their own CSP certifications and operate their own local program. We will be developing a program for a capacity of 25 consumers. The Clinical Coordinator position is required to be a certified CSP.

The CSP costs will be covered by a combination of MA Billing and reallocation of County levy (currently \$120,000 is allocated to CSP). Masters level Clinical will bill MA for reimbursement at a rate of 53.44/hr.

The Comprehensive Community Service Program continues to grow at a rapid rate. We are currently serving 83 consumers with 43 waiting for a screening assessment. We currently have one Mental Health Professional and 5.3 CCS Staff and will be requesting an additional staff in 2020. With the continued CCS program growth, there is a need for an additional .5 FTE Mental Health Professional to meet the service demands and more timely entry into the program and work flow guidance to CCS staff. The MHP also reviews assessments and service plans, provides case consultation, provides quality assurance of work and assists in tracking billable time.

No County funding is requested for this portion of the position.

Position Description**

Department: Human Services

Title: CSP Clinical
Coordinator/CCS Mental
Health Professional (see
attached CCS MHP
description)

Date: _____ **Reports To:** Behavior Health Clinical
Administrator

Purpose of Position

The purpose of this position is to oversee the coordination and facilitation services for consumers enrolled in the Community Support Program (CSP). The CSP Clinical Coordinator (CC) shall have overall responsibility for and provide direct supervision of the CSP consumer's treatment services and supervision of CSP staff. The CSP CC assures that effective and easily accessible treatment, rehabilitation and support services are provided in the community where the person with a Serious and Persistent Mental Illness lives and works.

Essential Duties and Responsibilities

The following duties are normal for this classification. These are not to be construed as exclusive or all-inclusive. Other duties may be required and assigned.

The CSP CC determines eligibility for the CSP through a state certified screening tool, (MH/AODA Functional Screen). Supervises Recovery Plan development with the CSP case manager, consumer, and others identified by the consumer and the CSP team.

Develops and provides orientation and training program for all new CSP staff.

Develops an evaluation plan of the CSP that relates directly to the client population and can be measured to determine that objectives have been met. Reports evaluation results annually to CSP governing body.

Ensures the consumer receives: assessment services, service planning, service delivery, and supportive activities in an appropriate, person-centered, and timely manner.

Complies with patient rights, grievance resolution, and consumer confidentiality requirements of the local, state, and federal governments.

Provides clinical supervision by one or more of the following means:

1. Individual, face-to-face sessions with staff to review cases, assess performance and give feedback;
2. Individual, side-by-side sessions in which the supervisor accompanies an individual staff member to meet with individual clients in regularly scheduled sessions or crisis situations and in which the supervisor assesses, teaches and gives feedback regarding the staff member's performance regarding the particular client; or

A. Department: Human Services Date: 6/26/2019

- B. Explain the necessity of the position (be specific as to reasons why this position is needed, include reasons why present staff cannot accomplish tasks):

We will be bringing the Community Support Program (CSP) back to MCDHS effective 1/1/2020. We are requesting two Case Manager positions to provide the day to day services to our consumers.

CSP is a community based program that provides intensive mental health services to some of our most vulnerable adults. The primary goal is to keep individuals who are at high risk for emergency detentions and placements in an institutional setting in the community. MCDHS has had a long history of providing CSP in Monroe County from 1993 to 2014. In 2014 it became a WRIC multi-county program with a single vendor. The current vendor has been working under a WRIC provisional contract for what will be 2 years. This is due to lack of quality services and Clinical supervision being provided to our consumers. The WRIC Lead County has highly recommended that all counties obtain their own CSP certifications and operate their own local program. We will be developing a program for a capacity of 25 consumers.

The Program costs will be covered by a combination of MA Billing and reallocation of County levy (currently \$120,000 is allocated to CSP). Bachelors level Case Manager will bill MA for reimbursement at a rate of 35.64/hr.

 New position
 Increased part-time
 X Additional existing position (attach job description, do not need to complete sections C, D, E, G & H)

A. Department: Human Services Date: 6/26/2019

Department Head: Ron Hamilton

B. Explain the necessity of the position (be specific as to reasons why this position is needed, include reasons why present staff cannot accomplish tasks):

The Comprehensive Community Services (CCS) is a key program within MCDHS and the WRIC Consortia. In Monroe County, CCS began in late 2014 and has seen consistent annual growth of the program. This is a voluntary program which works with both adult and children/youth with a mental health diagnosis. We are currently serving 83 consumers with 43 waiting for a screening assessment. We currently have 5.3 CCS Staff. As we work through the screening process, we are projecting beyond maximized caseload capacity in 2020. Optimal mixed caseload range is 17-18 adult and children consumers. The assessment process is very comprehensive and requires a significant number of staff hours to complete. This causes delays in providing services to individuals with mental health issues in our community. With the continued program growth, there is a need for additional staff to meet the service demands and more timely entry into the program. We are requesting a Social Worker 1 Community Mental Health position to meet the demands of a flourishing CCS program. We propose to add this position as of 1/1/2020.

The position will be funded by Medical Assistance Case Management billing. The billing hours for CCS are reimbursed at 100% rate which is \$85.72/hr. for BS level or \$128.56/hr. for Masters level. There is no request of County tax levy funding for this position.

NEW POSITION ANALYSIS

This form is to be completed for all new position requests or requests for increasing hours of an already-approved part-time position.

DIRECTIONS:

All steps of the New Position Analysis form (MC-5) must be followed. Establishment of a new position or an increase in hours of a part-time position are subject to final approval by the County Board. The approval must be granted prior to submission of the department budget to the County Administrator for compiling of the county budget for the next year.

(a) The department head is required to consult with the Personnel Director prior to considering new position requests concerning position responsibilities and compensation plan placement. The department head may also consult with the Finance Director concerning position funding and budget issues. The department head completes the New Position Analysis form (MC-5) and submits the request to the County Administrator. If the County Administrator approves, the request moves on to step (b). Department heads shall keep their committees apprised of the status of the department's new position request through the budget process.

(b) The requesting department head shall present the completed MC-5 form along with justifying rationale to the Personnel and Bargaining Committee. They will review the request and vote to approve or deny the request. If approved, the Personnel Director will write a position description and county board resolution for the new position, and the request shall then be presented to the Finance Committee for approval of the fiscal note at the end of the county board resolution.

(c) The request shall be presented to the County Board in resolution form for final approval if a new position is to be established or an increase in hours is recommended. The resolution will include the approval of the County Administrator and the votes of the Personnel and Bargaining Committee and the Finance Committee.

(d) The action of the County Board will be final, although the County Board may refer the resolution to an appropriate committee if more information is required.

 Increased part-time
X (2) Additional existing position (attach job description, do not need to complete sections C, D, E, G & H)

A. Department: Human Services Date: 06/26/2019

Department Head: Ron Hamilton

B. Explain the necessity of the position (be specific as to reasons why this position is needed, include reasons why present staff cannot accomplish tasks):

Monroe County DHS Children's Long Term Support Services (CLTS) has a current wait list of 15 children. CLTS will need to eliminate their waitlist by July 1, 2019 and will not be allowed to establish a new waitlist per state contract. All new referrals must be processed in a sixty day time frame from date of referral to meet state requirements. Over the past three years more than 80 individuals have been removed from the waitlist to services. We currently have 95 individuals in our CLTS program. Our current CLTS staff are above caseload capacity which is determined to be 25-30 per FTE. We currently have 2.7 FTE CLTS staff, the maximum caseload should be 81, and will be at 110 before the end of this summer. We are requesting two Social Worker 1 CFS Designated Service Program positions who would work 100% in CLTS. The first position would start 8/1/2019 and the second 1/1/2020. These positions will allow for a capacity of 125-140 children, some of the most vulnerable children in our county, to be receiving CLTS services. These new positions will be supported through Case Management Medical Assistance billing from our state CLTS allocation. The current CLTS Case Management billing rate is at \$97/hr. These additional positions will not require county tax levy. *This Position Analysis was amended by the Health and Human Services Committee (6/3/2019) to move the first Social Worker to start 8/1/2019 based on caseload size and service needs to our consumers.

NEW POSITION ANALYSIS

New position
 Increased part-time
 Additional existing position (attach job description, do not need to complete sections C, D, E, G & H)

A. Department: Human Services Date: 6/26/2019

Department Head: Ron Hamilton

B. Explain the necessity of the position (be specific as to reasons why this position is needed, include reasons why present staff cannot accomplish tasks):

We are requesting an additional Children's and Family worker for the 2020 year. We have identified this position to be a Social Worker I. This worker's primary responsibilities will be as an Access Worker. Monroe County received 1,912 Child Protective Services calls from 2015-2017. The rate has been slowly climbing with 685 calls being received in 2017.

The primary duties are as follows:

- Provide daytime Access for CPS reports
- Takes reports of child abuse/neglect or other child welfare related issue via phone, walk-in, mail, or computer
- Interviews reporters to gather necessary information to assess for present or impending danger threats to assist in making appropriate screening decisions
- Key CPS Access reports into statewide automated system and other databases
- Effectively communicate information to Supervisor

The request for this position is the result of the largest County in the four county Child Abuse and Neglect Partnership having given it's verbal intent to vacate from the CAN Partnership. We will continue to look for other County Partners but will also need to prepare for the potential dissolution of the CAN Partnership. The request for this position will be contingent upon the dissolution of the CAN Partnership.

The position will be funded by a reallocation of County levy (currently \$100,000 budgeted for the CAN Reporting Partnership) and incorporated in the 2020 budget

**RESOLUTION AUTHORIZING JUSTICE DEPARTMENT
ADMINISTRATIVE ASSISTANT POSITION INCREASE FROM PART
TIME TO FULL TIME**

WHEREAS, Monroe County Public Safety & Justice Committee and the Administration & Personnel Committee request increasing the part-time Administrative Assistant position to a full-time position; and

WHEREAS, there would be a substantial increase in workload to the Justice Department with the adoption of a Drug Court Case Manager effective January 1, 2020 within the department; and

WHEREAS, this increase would cause an increased workload for current staff making them unavailable to handle walk-ins and the basic clerical duties of the office without putting in extra overtime; and

WHEREAS, we are requesting the addition of these hours to the existing position to coincide with the growing department needs to offer additional programs for the benefit of Monroe County.

NOW, THEREFORE, BE IT RESOLVED by the Monroe County Board of Supervisors that they do hereby authorize the increase from part-time to full-time hours for the Administrative Assistant position effective January 1, 2020.

Dated this 26th day of June 2019.

Offered by the Administration & Personnel Committee

Purpose: To change the Administrative Assistant position from part-time to full-time effective January 1, 2020.

Fiscal Note: The full time position will require an increase to the total budget of \$28,825.00 in 2020. This additional expense would be covered by County levy.

NEW POSITION ANALYSIS

NO New position

YES Increased to full-time

NA Additional existing position (attach job description, do not need to complete sections C, D, E, G & H)

A. Department: Justice Programs Date: 05/14/19
Department Head: Eric Weihe

B. Explain the necessity of the position (be specific as to reasons why this position is needed, include reasons why present staff cannot accomplish tasks):

Starting 07/01/19, this Administrative Assistant position starts part time. I am asking to increase this position to full time to help ease workload that will be created by new programs/increased workload. Our office is asking for a new Drug Court Case Manager position to be approved. If this Drug Court Case Manager position is approved, this department will be responsible for two new programs. Our department will be in charge of coordinating and case managing a Drug Court and a Pre-Charge Diversion Program. With these two new programs, our office will see a significant increase in phone calls and clients coming to our office. I am asking for approval to increase this positions hours to full time so that the Coordinator and Asst. Coordinator can spend more time coordinating all the programs, supervising staff, and administrative duties, and less time answering the public phone and door.

It has become increasingly difficult, especially for the Justice Programs Coordinator and Assistant Coordinator, to effectively coordinate the programs while also doing basic clerical duties. Additionally, the Coordinator and Asst. Coordinator have found it progressively challenging to make time to improve the programs, supervise staff, and complete other administrative duties. Between the Coordinator and Asst. Coordinator they would be coordinating OWI 2nd, OWI 3rd, OWI 4th, OWI TX Court, Drug Court (if approved), Diversion, Pre-charge Diversion, Bond Monitoring, Electronic Monitoring (inmates on a bracelet at home), Community Service, Victim/Offender Property Exchange, etc. Additionally if my new positions requests are approved, the two supervisors in the office (Coordinator and Asst. Coordinator) will be supervising more staff, totaling 9 full time staff.

With the additional hours this position would be able to fully cover the clerical duties and make appointments for walk in clients or other individuals to meet with the Coordinator and Asst. Coordinator when convenient. This will free up a time for the Coordinator and Asst. Coordinator to be able to organize priorities that need to be accomplished, rather than dropping all current tasks to meet with the client or answer walk-in clients' questions. Without someone doing this, the Coordinator and Asst. Coordinator have difficulty in

maintaining deadlines, preparing for court hearings, attending required meetings and completing administrative duties.

The primary job duties for the current position include filing paperwork for the various OWI Programs and Diversion Program, updating files, answering the phone, and greeting the public.

If upgrading to full time Administrative Assistant were to be approved in the office Monday-Friday 8am-4:30pm, this position would take over answering basic phone calls, greeting the public, filing documents, and scheduling appointments. This position would ultimately create additional time for the Justice Programs Coordinator and Assistant Coordinator to focus on case management of the various programs, supervision of staff, and other administrative duties.

Suggested Title: Justice Programs Administrative Assistant (Secretary/Receptionist) Full Time 40/hrs.

Personnel Director's Recommended Classification: Grade 16

Projected Start Date: 01/01/2020

C. General Description of the Position: Greets and provides information to the public, answers phone calls, assist the Asst. Coordinator in maintaining and updating program files, maintains the office and performs clerical duties.

D. Typical Examples of Work to be Performed (in detail):

1. Greets public by phone or in person. Provides information to public walk-ins or receives public walk-ins.
2. Screen and transfer calls to appropriate staff.
3. Receive money and receipt payments to the appropriate program.
4. Familiarizes self with program requirements and is able to provide information on services and programs.
5. Schedules appointments for staff to meet with clients.

NEW POSITION ANALYSIS

YES New position

NA Increased part-time

NA Additional existing position (attach job description, do not need to complete sections C, D, E, G & H)

A. Department: Justice Programs Date: 05/15/19

Department Head: Eric Weihe

B. Explain the necessity of the position (be specific as to reasons why this position is needed, include reasons why present staff cannot accomplish tasks):

Monroe County Circuit Court Judge Richard Radcliffe has taken the initiative to create and maintain a Drug Court. A tentative Drug Court Team has been established but an essential member of the team is missing. The case manager is an integral team member to any drug court as he/she is most responsible for working directly with all participants and monitoring their progress. None of the current partners in the Drug Court would be able to spare a staff member to work full time in case managing the drug court participants and relaying that information to the Drug Court Team. Without approval of this new case manager position, a drug court cannot be created as it would not be able to effectively operate.

Monroe County is currently in the midst of a drug crisis. Implementing a drug court will serve to directly address this crisis by giving participants the best possible opportunity to lead sober and productive lives which will in turn reduce recidivism, lower jail population, as well as reduce the overall CHIPS and foster cases that have increased in a large part due to substance abuse in the community and serve to better the community as a whole.

- 20.2 million Americans (1 in 10) have a substance abuse disorder.
- 65% of all inmates have a substance abuse disorder.
- 90% of all property theft crimes are drug-related.
- In 2016, percent of admissions to prison with any drug offense likely to offend based on their risk level: high risk 66.7%, medium risk 25.8%, and low risk 7.5%
- Monroe County has seen a significant spike in heroin and methamphetamine arrests in the past few years.
- Probation, Bond Monitoring, and jail are not reducing criminal behavior and CHIPS cases, rather the number of drug related crimes are on the rise.
- Criminal drug cases and the overall jail population are on the rise in Monroe County. If proactive actions are not taken to reduce recidivism, Monroe County Jail may have to start shipping inmates out of county in the coming years incurring substantial costs to the county.

- Treatment Courts are the single most successful intervention in the Criminal Justice System.
- They save lives, improve education, housing, employment, and financial stability of participants
- Treatment Courts promote family and limits foster care needs
- Treatment court participants are 37% less likely to test positive for illicit substances.
- Treatment court participants who graduate with at least 90 days of sobriety have 164% greater reduction in recidivism.
- The average graduation rate is 59% (Monroe County OWI Treatment Court since 2012 has had 44 graduates and 9 terminations, 83% graduation rate).
- For every \$1.00 invested, Treatment Courts return on average 4 to 12 times that investment
- These statistics were gathered by Judge Radcliffe and provided at the Drug Court Public Forum. Sources include: Wisconsin DOC, Monroe County District Attorney's Office, Monroe County Bond Monitoring Program, National Association of Drug Court Professionals, Department of Justice.

Why current Justice Programs staff cannot take on this position's duties:

The Justice Department currently employs 6 Justice Program Specialists who all work to complete drug/alcohol testing on approximately 200 plus active participants in all Justice Department programs (bond monitoring, electronic monitoring of inmates, OWI programs, and the diversion program). Additionally, these employees administer drug and alcohol tests to referrals from La Crosse County's Justice Support Services Program, referrals from all of Monroe County Human Services; including, Economic Support, Drivers Safety Plans and Child Protective Services. These 6 employees are also in charge of 24/7 office coverage to ensure proper monitoring of all inmates out on electronic monitoring and participants in the Bond Monitoring Program. In order to ensure 24/7 coverage and monitoring, these employees would all have to continue in their current roles, and I would therefore not be able to move any one of them from 2nd or 3rd shift to 1st shift to work as the Drug Court Case Manager.

Our OWI Treatment Court Case Manager focuses on case managing the current OWI Treatment Court participants and will not have spare time to take on a separate specialty court caseload.

The Asst. Coordinator at the Justice Department will be coordinating the Drug Court in regards to overseeing policies, procedures, and Administrative duties, but will not have enough free time to also be the case manager. The Asst. Coordinator currently coordinates and case manages the OWI 2nd, OWI 3rd, OWI 4th, Diversion, and Bond Monitoring Written Warning System as well as directly supervises the OWI Court Case Manager and Administrative Assistant. The Asst. Coordinator is also tasked with various other administrative duties

and assists the Coordinator in supervising the 6 Justice Program Specialists. If approved, the Coordinator will also supervise the new Drug Court Case Manager.

The Coordinator at the Justice Department is in charge of coordinating Bond Monitoring and the Electronic Monitoring Program where all sentenced jail inmates with work release are monitored. The Coordinator also handles department billing, other administrative duties, supervises 6 Justice Program Specialists, and will be coordinating and case managing the new Pre-Charge Diversion Program. These responsibilities do not allow for any spare time.

This requested position needs to be full time as it will involve many tedious and time consuming tasks. The case manager will need to meet and complete the initial intake, as well as, a risk assessment with all potential participants prior to the team considering them for Drug Court. The case manager will also meet with drug court participants at least weekly to find out how they are doing and help assist them with their needs. These needs can range from confronting them on violations of the program, assisting them to find treatment, tracking their compliance with different treatment groups/programs, assisting them to find employment and housing, helping them learn to manage finances, and generally helping to guide them through all Drug Court requirements to best position them to live sober, productive lives during and after Drug Court.

In order for the case manager to effectively case manage each participant, it is anticipated that the ideal maximum number of Drug Court participants should not exceed 20.

The Case Manager will also need to keep detailed records of all participants' activities and summarize this information to the Drug Court Team.

The Manager will also be responsible for entering the participants' progress in a database, applying for future grants, and making sure the grant requirements are being fulfilled.
