History of corner establishment since Original Government Survey

Webster Kenyon was here in April of 1893 and set 2 stones for the corner. Fred Holden was here November of 1903 and calls for a "stake". Mr. Holden was also here in June of 1908 and November of 1911.

Description of corner evidence found:

I found 2 stones in the shape of a "T" at the intersection of fences from North, West and South. I accepted the intersection of the 2 stones as the corner.
