contrast that on the
of August 19 83, I found
(evidence) (no evidence) of the Northeast
corner of Section 32 , T 16 N
R 1 E Fourth Principal Meridian, and I re
established said corner according to the Wisconsin
Statutes as shown and described hereon.
Dated this 20th day of 0ct. 1983

Deputy County Surveyor
Title

History of corner establishment since Original Government Survey Henry Schroeder was here in May of 1915 set a "stake". James J. Carroll was here in July of 1972, where he calls for a pipe at this corner. Mr. Carroll was here again in December of 1978 calls for a stone at this corner.

Description of corner evidence found:

Found a 1%" iron pipe 1 foot South of a four-way fence corner. Also found both of Mr. Schroeder's White Oak bearing trees. The pipe fits these trees very well for bearing and distance. It is unclear wheather this pipe was set by Mr. Schroeder of Mr. Carroll, however, it fits Mr. Schroeder's bearing trees, therefore, I accepted it as the corner.
