History of corner establishment since Original Government Survey

Fred Holdon was here in November of 1901 and set an iron bar. Frank Davy was here in November of 1926 and found Holdens bar and set a sand stone next to it.

Description of corner evidence found:

Seached for iron bar and sand stone, found nothing. Found old fence wire in trees to the North. Set the corner at a computed location after surveying out Section 10. This corner fits the overall field evidence and measurements very well. Set a Harrison marker.
